## Una carta de menú decorada con encaje de cartulina, papel de aluminio y joyas adhesivas.

Haga su propia carta de menú con cartulina decorada con encaje de cartulina, un lazo de satén, pedrería y papel de aluminio.

Cut a 7.5 x 18 cm piece of card. Cut a piece of lace patterned card and attach it onto the front of the card at the top.

Write MENU on the card with a glue pen (you may write it with a pencil first). Leave the glue text until it is tacky; i.e. it's still sticky, but doesn't stick to the fingers when touched. Place the deco foil on top and  
 ▯ rub hard to attach it onto the glue. Carefully remove the deco foil sheet.

Print out the menu text and glue it onto the front of the card. Tie a satin ribbon bow and glue it on. Decorate further with self-adhesive rhinestones in the middle of the lace patterned card flowers.

You can make matching invitations and place cards.
