A folding Box with Deco Foil

This box with a lid comes flat packed, ready for assembly. Before assembly it is covered with glittery deco foil, attached with a double-sided adhesive sheet.

01 How to decorate and fold the box: Attach a double-sided adhesive sheet onto the outside of the flat, unassembled box.

02 Remove the protective backing paper of the double-sided adhesive sheet and place the sticky side onto the back of the deco foil.

07 Remove the protective backing paper from the sheet with the lid.

08 Attach the sticky side of the lid onto the back of the deco foil.

03 Cut out.

04 Fold the box following the scored lines from the inside.

09 Cut out.

10 Now fold the foil-wrapped lid using the scored lines.

05 How to decorate and fold the lid: Place the flat, unassembled lid between the double-sided adhesive sheet and its protective backing paper.

06 Cut out.

NB:

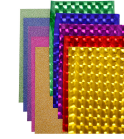

Use the video instructions on how to assemble the box. Key in 233001 in the search box on our website.
