

A Moss Stitched Bag

STEP BY STEP 023

Inspiration: 11156

A Moss Stitched Bag

Knitted using the pattern. Use No. 3 knitting needles. One ball of cotton twine is used for one bag.

01

Using cotton twine cast on 50 stitches and knit moss stitches until the piece measures approx. 35-40cm. Then decrease to make a pointed tip; two stitches on each side, nine times – i.e. 14 stitches left. Cast off. □ Cut a piece of canvas in the same size as the bag + seam and sew this onto one side of the bag.□

Shoulder Strap

Cast on 8 stitches and knit moss stitches to the desired length. Cut a piece of canvas double the size of the strap's width, fold over and sew this piece onto one side of the strap.

Crochet a small loop for the button on the front using doubled over cotton twine.

02

Sew the crochet lace borders onto the front of the bag.

Assembling

Fold over the bag and sew the shoulder strap onto the sides from the base of the bag.

Sew on a wooden bead as a button.
